

Dunnington Parish Council

Community Grant Policy and Application

This policy sets out the Parish Councils position and procedure regarding the award of community grants.

Adopted 12th February 2024

Minute Ref:02/24/06a

Introduction

Dunnington Parish Council sets aside a sum of money each year which can be applied for by local organisations/groups for projects which will be of benefit to residents within Dunnington.

Community grants must benefit some or all inhabitants, not an individual, nor can it be made retrospectively.

This document sets out the Council's policy and procedure for grants and donations with its aim of ensuring that all its award-making activity is open, transparent, fair and supports local organisations.

The Parish Council's awards are open to established voluntary or community groups, as well as new or informal groups of parishioners who are or intend by the date of application to become formally constituted.

Principles of Community Grants

The Council has a range of legal powers that can be used to award grants.

To ensure that a legitimate grant is awarded, the Parish Clerk will check that the Council is supported by a legal power, prior to the Council making a decision.

The Council can also award a grant under section 137 of the Local Government Act 1972 which gives the power to 'incur expenditure for purposes not otherwise authorised'. Any award under this power must show that expenditure versus benefit is balanced. There is a limit that a Parish Council can spend which is set by the Dept for Communities & Local Government. The limit for 2024-25 will be £10.81 per elector.
